Summary of Distribution and Uses of NSP Funds:

Using the scores provided in the HUD Foreclosure Needs website, project areas were chosen with scores of 17 or greater, where supplemental data showed a high number of foreclosures within the last year and a high percentage of homes financed by high cost primary mortgages. The County foreclosure rate, according to HUD provided data, is 10.3 per cent. The Census Tracts in which the target area is located had a foreclosure rate of 25.1%. In addition, the mortgage payment delinquency rate is high according to the HUD data. The County delinquency average at 6.9%, while the Census Tracts in which the target area is located is had a rate of 8.8%. In addition to the scores, the area was selected based on its access to public transportation, community facilities and employment, as depicted in the attached maps.

Funds will be used to purchase foreclosed residential units, including single family, duplexes and other multiple family units to sell or rent to lowincome families, including financial assistance to homebuyers.

How Fund Use Addresses Market Conditions:

The purchase, rehabilitation and sale of homes to purchasers willing to make a long term investment into their homes, along with aggressive code enforcement, crime prevention, home improvements to existing homes, and strengthened neighborhood associations will be a major step toward stabilizing housing prices, improving the character of the neighborhood and stabilizing the social fabric of the target area. Working together, the Gwinnett Neighborhood Stabilization Program, the City of Lawrenceville, the Lawrenceville Housing Corporation, the Gwinnett County HOME Program, the Gwinnett County Homeowner Housing Rehabilitation Program and the selected Asset Manager(s) can make a major impact in the target area.

Ensuring Continued Affordability:

Gwinnett County will assure long-term affordability by incorporating the use of promissory notes and deeds to secure debt that contain recapture clauses and the use of shared equity loans.

Long-term affordability is provided to the homebuyer through a soft second loan. The terms are \$14,500 for five (5) years or \$22,500 for ten (10) years at zero (0%) interest rate with no scheduled payments, and with the principal being reduced proportionally each year starting in the first year. At any time during the loan period, If the house is no longer occupied by the homebuyers at his/her principal place of residence, any remaining principal must be repaid to the County.

Upon the occasion of the sale or transfer of ownership of the property by the Asset Manager, the Asset Manager(s) will repay the NSP program. This and any other funds realized from the sale of the property will be Program Income, with no less than 90% of income being used to for NSP 3 eligible activities. Not more than 10% of the Program Income will be used to administer NSP 3.

Rental housing will be provided by an Asset Manager(s) selected by Gwinnett County. The GCNSP will loan the Asset Manager(s) the funds to purchase and rehabilitate rental units, including initial capitalization funds. The loan(s) will be backed by promissory notes, security deeds and land use restrictions that set forth the responsibility of the Asset Manager(s) to provide housing for low-income households during the affordability period for each respective property. These documents will have reversion provisions if the Asset Manager(s) does not provide the housing as set forth in the documents.

The program has taken in \$2,474,250.86 in Program Income to date and brought in \$108,006.00 in program income during the last reporting period. During the last reporting period there were not any properties acquired, rehab continues on two properties, and the program disposed of two properties.

Overall, the Gwinnett County housing market continues to compress. With a large influx in private investment dollars the County has seen its housing stock shrink and the competition become even more aggressive in their offers. Gwinnett County NSP is currently working on plans to further our outreach to potential homebuyers, lenders, and realtors through Public Housing Workshops that will be used to educate the public on the Gwinnett County NSP program and allow our housing team the opportunity to pre-qualify potential homebuyers at the workshop. Our first Public Housing Workshop is scheduled to take place next quarter.

Moving forward Gwinnett County will be requesting an expansion of its NSP3 Target Area from HUD. The current area has seen its foreclosure market become sparse and there is growing concern about the programs ability to meet expenditure deadlines without expanding the target area. Gwinnett County as a whole qualifies as a target area expansion from our research. The targeted area has been fully proposed and waiting for board action before going to HUD for final approval.
